Trees From Us to You!

THIS LIST of Ornamental Nursery Stock is offered for the Fall of 1927 and Spring of 1928, and includes an assortment of locally-grown plants that we feel sincerely proud of, and in whose ability to withstand the weather and soil hazards we have the utmost confidence. In selling our stock, we offer along with it our permanent interest in our products and our greatest hope is that not a single plant shall fail to live. At the date of this list going to press, we have had no reports of any losses whatsoever for the Spring of 1927, a record of which we are most pleased. We cannot recommend too strongly that buyers of plants make their purchases locally, where it is possible to do so, and thus avoid delays in transit and attendant annoyances. We are glad to have our customers pick out and tag the material they may find best of a given lot, and we can usually deliver their order at the exact time desired. Our delivery service is without cost to the purchaser if the distance is not over 10 miles. We are always glad to call at your home to make suggestions and to give estimates without obligation to you. Experienced plantsmen can be furnished to take care of the planting at a nominal cost.

Our associate business, the Garden Supply Company, located here, will be glad to show you a most complete assortment of Hardy Perennials, Roses, Vines and Bulbus Plants. These plants are listed in a separate booklet, which we will be very glad to mail to you.

We have men especially trained and equipped for taking care of shade and fruit trees, doing such work as Pruning, Tree Surgery, Root-Feeding and Spraying. Mr. Walter C. Biller, who is in charge of this work, is always at your service if you wish advice or estimates.

To reach our grounds, cross the Key Bridge in Georgetown and take the Wilson Boulevard from the Virginia end of the bridge to Ballston. Turn to the left where the Glebe Road crosses the Boulevard and go in that direction approximately one-half mile. You will find our place to be the nearest of all nurseries to central Washington.

EVERGREENS

Our evergreens are frequently transplanted or root-pruned and sheared at least once a year. This provides a root system easily handled and a thick furnishing of foliage that is highly desirable. Plants that have not been cared for in this way can not be compared in value with plants that have had this attention. We gladly invite comparison of our stock and others, both as to quality and price. In addition to the regular list, we have larger specimens of the finest quality upon which we will be glad to quote.

Biota orientalis, oriental arborvitae.....	18-24 in.	\$1.50
Biota orientalis, oriental arborvitae.....	3½- 5 ft.	Per ft. 1.00
Biota orientalis compacta, compact arborvitae....	15-18 in.	1.50
Biota aureanna, golden dwarf biota.....	2-2½ ft.	5.00
Biota aureanna, golden dwarf biota.....	18-24 in.	3.00
Biota elengantissima,, golden spiral biota.....	3½- 4 ft.	7.50
Biota Rosedale,, Hybrid dwarf biota.....	2½- 3 ft.	7.50
Cedrus Deodera, Himalayan cedar.....	3- 4 ft.	7.50
Creptomeria Japonic, Japanese temple cedar.....	4- 5 ft.	5.00
Creptomeria Japonica.....	2-2½ ft.	2.00
Cupressus Lawsonii, Lawson cypress.....	2-2½ ft.	3.75
Juniperous hibernica, Irish juniper.....	3½- 4 ft.	5.00
Juniperous hibernica.....	2-2½ ft.	3.00
Juniperous horizontalis, ground juniper.....	2½- 3 ft. spr.	5.00
Juniperous Pfitzeriana, Pfitzers, juniper.....	5½- 6 ft. spr.	12.50
Juniperous Pfitzeriana.....	2½- 3 ft.	5.00
Juniperous Pfitzeriana.....	12-18 in.	2.00
Juniperous stricta, Spiny Greek juniper.....	18-24 in.	3.00
Juniperous Tamariscifolia, Plumed ground juniper	12-18 in.	2.00
Juniperous Virginiana, red cedar.....	2- 6 ft.	Per ft. 1.00
Picea Douglassii, Douglas spruce.....	18-24 in.	2.00
Picea excelsa, Norway spruce.....	12-18 in.	1.00
Picea excelsa	3-4½ ft.	Per ft. 1.25
Picea Parryana Glauca, Blue spruce.....	5-6½ ft.	Per ft. 4.00

<i>Picea pungens glauca</i> , Colorado blue spruce-----	3 ft.	15.00
<i>Picea pungens glauca</i> -----	10-12 in.	1.50
<i>Pinus mugho</i> , Dwarf pine-----	12-15 in.	2.00
<i>Pinus sylvestris</i> , Scotch pine-----	18-24 in.	1.50
<i>Retinospera filifera</i> , thread branched cypress-----	2½-3 ft. spr.	5.00
<i>Retinospera filifera</i> -----	12-15 in.	1.50
<i>Retinospera filifera</i> -----	18-24 in.	2.50
<i>Retinospera filifera aurea</i> , golden thread br. cyp.-----	2½- 3 ft.	6.00
<i>Retinospera obtusa</i> , hinko cypress-----	18-24 in.	3.00
<i>Retinospera obtusa</i> -----	2½- 3 ft.	4.00
<i>Retinospera ericoides</i> , football cypress-----	2 ft.	4.00
<i>Retinospera pisifera</i> , pea fruited cypress -----	15-18 in.	1.50
<i>Retinospera pisifera</i> -----	18-24 in.	3.00
<i>Retinospera pisifera</i> -----	2-2½ ft.	4.00
<i>Retinospera pisifera</i> -----	3½-4 ft.	6.50
<i>Retinospera pisifera aurea</i> , golden pea-fruited cyp.-----	3½-4 ft.	7.50
<i>Retinospera plumosa</i> , plumed cypress-----	12-15 in.	1.50
<i>Retinospera plumosa</i> -----	18-24 in.	3.00
<i>Retinospera plumosa</i> -----	2-2½ ft.	3.75
<i>Retinospera plumosa</i> -----	3-3½ ft.	4.50
<i>Retinospera plumosa</i> -----	6-7 ft.	25.00
<i>Retinospera plumosa</i> -----	7-8 ft.	35.00
<i>Retinospera plumosa aurea</i> , golden cypress-----	18-24 in.	3.50
<i>Retinospera squarossa</i> , gray cypress-----	15-18 in.	2.00
<i>Retinospera squarossa</i> -----	2-2½ ft.	4.00
<i>Retinospera squarosa sulphurica</i> , sulphur tipped gray cypress -----	2-2½ ft.	3.50
<i>Retinospera squarosa sulfurica</i> -----	3 ft.	5.00
<i>Taxus brevifolia</i> , dwarf Jap. yew-----	18-24 in.	4.50
<i>Taxus brevifolia</i> -----	12-15 in.	3.00
<i>Taxus cuspidata</i> , spreading Jap. yew-----	2½-3½ ft.	7.00
<i>Taxus Canadensis</i> , Canadian yew -----	2-3 ft.	6.00

<i>Taxus repandens</i> , spreading English yew.....	15-18 in.	3.00
<i>Thuja Flwengeriana</i> , Tom Thumb arborvitae.....	2 ft.	3.50
<i>Thuja globosa</i> , globe arborvitae.....	18-24 in.	4.00
<i>Thuja globosa</i>	15-18 in.	3.00
<i>Thuja globosa</i>	12-15 in.	1.50
<i>Thuja Lutea</i> , George Peabody arborvitae.....	2½ 3 ft.	7.00
<i>Thuja Lutea</i>	15-18 in.	2.00
<i>Thuja occidentalis</i> , American arborvitae.....	12-18 in.	1.00
<i>Thuja occidentalis</i>	18-24 in.	2.00
<i>Thuja occidentalis</i>	3-5 ft.	Per ft. 1.25
<i>Thuja pyramidalis</i> , pyramidal arborvitae.....	18-24 in.	2.00
<i>Thuja pyramidalis</i>	2½- 3 ft.	4.00

<i>Tsuga Canadensis</i> , Canadian hemlock.....	2½-3 ft.	5.00
<i>Tsuga Canadensis</i>	18-24 in.	2.50
<i>Tsuga Canadensis</i>	12-15 in.	1.50

BOX WOOD

The following listing of Boxwood is very healthy, well-shaped stock, and of excellent color. We especially call attention to the Dwarf Box (*Buxus suffruticosa*) which represents the finest collection of small specimens we have seen. These plants were collected five years ago, in southern Delaware, and have developed remarkably under nursery conditions.

Buxus sempervirens—

6-8 in.	.25
8-10 in.	.50
10-12 in.	.75
15-18 in.	1.50
18-20 in.	3.00
20-22 in.	4.00
2 ft.	5.00
Specimens from 3-10 ft.	\$15.00-\$150.00

Buxus suffruticosa—

4-6 in. edging	.15
8-10 in.	1.00
12-14 in.	3.00
14-16 in.	5.00
16-18 in.	8.00
18-20	15.00

Larger Specimen Prices upon Application.

BROAD-LEAFED EVERGREEN SHRUBS

Broad-leaved evergreens listed below have been grown and developed on our grounds from seedlings or cuttings. They have been frequently transplanted and possessed of splendid root systems, which insures successful transplanting for the purchaser. These plants are very useful as fillers in a mixed planting where the bright, waxy leaves and showy flowers brighten and liven the entire effect. Some of the varieties listed thrive best in partial shade, where it is impossible for other plants to live. They may be especially recommended for planting around rockeries, pools, or the edges of wooded areas.

Abelia grandiflora, Southern arbutus shrub-----	2-3 ft.	1.50
Abelia grandiflora -----	18-24 in.	.75
Azalea hinedigiri (early crimson) -----	15-18 in.	3.00
Azalea macranthra (late crimson) -----	18-20 in.	3.00
Azalea macranthra -----	10-12 in.	1.50
Azalea omuraski (deciduous purple-rid) -----	18-24 in.	2.50
Azalea—7 other varieties in smaller sizes.		
Berberis illisifolia (Holly-leaved barberry)-----	3-3½ ft.	3.50
Euonymus Japonicus (Evergreen burning bush) _	18-24 in.	1.00
Euonymus Japonicus (Evergreen burning bush) _	15-18 in.	.50
Euonymus Bungeanus (Trailing winter creeper) _ _	18-24 in.	.75
Euonymus Bungeanus (Trailing winter creeper) _ _	15-18 in.	.35
Euonymus radicans (Climbing winter creeper) _ _ _	15-18 in.	.50

<i>Euonymus vegetas variegata</i> (Variegated winter creeper)	15-18 in.	.50
<i>Ilex opaca</i> (American holly)	3-4 ft.	4.00
<i>Ilex opaca</i> (American holly)	2-3 ft.	2.50
<i>Ilex aquifolia</i> (English holly)	3-4 ft.	6.00
<i>Leucothoe Cataabei</i> (Drooping andromeda)	3-3½ ft.	2.50
<i>Leucothoe Cataabei</i> (Drooping andromeda)	18-24 in.	1.50
<i>Ligustrum lucidum</i> (Waxed-leafed privet)	2-2½ ft.	1.50
<i>Ligustrum lucidum</i> (Waxed-leafed privet)	15-18 in.	.75
<i>Lonicera Pileatea</i> (Dwarf evergreen honeysuckle)	8-10 in.	1.00
<i>Leiophyllum buxifolium</i> (Sand myrtle)	8-10 in.	1.00
<i>Magolia Grandiflora</i> (Evergreen tree magnolia)	2-3 ft.	Per ft. 1.00
<i>Pieris floribunda</i> (Mountain fetterbush)	15-18 in.	2.50
<i>Pyracantha lalandi</i> (Evergreen thorn)	15-18 in.	1.50
<i>Rhododendron carolinanum</i> (Carolina rho.—pink)	15-18 in.	2.00
<i>Rhododendron catawbiense</i> (Large purple flowers)	18-24 in.	2.50
<i>Rhododendron maximum</i> (Large white flowers)	2-2½ ft.	3.50
<i>Rhododendron mamimum</i> (Large white flowers)	18-24 in.	2.50
<i>Rhododendron maximum</i> (Large white flowers)	15-18 in.	1.00

FLOWERING SHRUBS

The varieties listed below may be seen on our grounds. These plants ranges in sizes from 1½ to 2 feet up to 4 and 5 feet. We are listing without using the botanical classification for your convenience. These plants are priced from 50 cents for smaller sizes to \$1.00 for the largest.

Almond—Flowering pink and white.

Althea—Rose of Sharon—mixed colors.

Buddlea—Butterfly bush.

Current—Yellow flowering.

Deutzia—Gracillis—dwarf.

Deutzia crenata—Tail growing.

Deutzia—Pride of Rochester—Tall growing.

Forsythia suspensa—Golden Ball.

- Forsythia Fortunes—Golden ball.
 Forsythia intermedia—Golden Ball.
 Hydrangea P. G.—Large white flowers in fall.
 Honeysuckle—Morrows bush.
 Indian Current—Berries in winter.
 Japanese Flowering Quince.
 Lilac—Purple and white (named varieties on request.)
 Mock Orange—Sweet scented syringa.
 Nude Jassimine—Earliest flowering shrub.
 Spirea—Anthony Waterer—Dwarf red.
 Spirea billardi—Spikes of pink flowers.
 Spirea—Reeves white.
 Spirea—Bridlewreath.
 Spirea—Thumberg's early white.
 Snowball—American.
 Snowball—Japanese.
 Snowball—Wayfaring tree—berries in winter.
 Snowberry—White berries in winter.
 Weigelia—Rose flowers.
 Weigelia—Eva Rathke—red.
 Weigelia—Crimson flowers.
 Weigelia—Yellow flowers.
 Weigelia Rosea—Old-fashioned pink.

FRUIT PLANTS

The following list represents the stock we have on hand. These plants have all been recently transplanted and pruned.

Apples—\$1.00 Each, 3-4 Feet.

Delicious	Duchess
Grimes Golden	Fall Pippen
Staywan Winesap	Stark
Winter Banana	Yellow Transparent
York Imperial	

Cherries—\$1.25 Each, 2½ to 3½ Feet.

Early Richmond	Black Tartarian
Napoleon	

Peaches—80 Cents Each, 2½ to 3 Feet

Belle of Georgia	Elberta
------------------	---------

Pears—\$1.00 Each, 3 to 4 Feet.

Bartlett	Sickle
----------	--------

Plums—\$1.95 Each, 3 to 4 Feet.

Abundance	Burbank	Green Gage
-----------	---------	------------

Grapes—60 Cents Each, 3-Year Stock

Catawba	Concord	Niagara
---------	---------	---------

SHADE AND ORNAMENTAL TREES

Our shade trees are grown in heavy clay soil, which enables us to dig them for replanting with a solid ball of earth. By virtue of this, we can successfully plant during any month of the year without danger.

American Elm -----	10-12 ft.	\$6.00
Ginko of Japan -----	8-10 ft.	3.25
Linden—European -----	8-10 ft.	4.00
Maple—Cut leaf -----	12-15 ft.	7.50
Maple Sugar -----	10-12 ft.	5.00
Maple Silver -----	10-12 ft.	3.00
Oak—Pin -----	8-10 ft.	5.00
Pussy Willow -----	5-6 ft.	1.50
Weeping White Birch -----	5-6 ft.	4.00
Weeping Willow -----	5-6 ft.	1.00
Yellow Willow -----	4-5 ft.	1.50
Lombardy Poplars -----	8-10 ft.	1.50
Lombardy Poplars -----	5-6 ft.	.75
